Portland, OR 97204

Dear Commissioner Fish,

I am writing to urge you to support city funding of \$30,000 to Voz Workers' Rights Education Project through the special appropriations budget. The funding that Voz receives from the City is critical to operate the MLK Jr. Worker Center and ensure that day laborers have: (1) access to a safe environment congregate and solicit work (2) critical services to ensure a fair wage, job trainings, and English classes, (3) and resources to reclaim stolen wages from unscrupulous employers.

Sincerely,
Person
Organization
